
Travelling KL to Bali

Posted by bigcake - 2010/03/10 01:40

I am travelling to KL - Bali - KL for a few nights at the end of the trip. We intend to arrive in KL 7.30am approx. and then depart for Bali same morning around 11am. Having booked the flight to KL with a travel agent I am booking the Bali travel online. Could anyone advise if we have enough time to go through customs with this time span. Also do we need to pay for any Visa flying from KL to Bali - would really appreciate anyone's input. We are looking forward to KL to see relatives living there!
